**“Workshop on Promoting Technology Development,
Utilization & Transfer”**

**25th March, 2006 at 4 P.M.
Hotel The Maya**

Organised by

Department of Scientific & Industrial Research New Delhi

In association with

The Sports Goods Manufacturers & Exporters Association Jalandhar.

Technology Up-gradation- Need of the Hour

Scientific Research & Technology Developments are important in the present world scenario for growth of a nation. The relationship between Technology & Economic Development needs thorough understanding of policies implemented by resource providers like the Department of Scientific & Industrial Research (DSIR), Govt. of India. The domain of Technology Development, Utilization & Transfer has five stakeholders groups i.e. **Technology Producer, Technology Consumer, Product Producer, Product Consumer & Resource Provider**. There is need for institutional infrastructures for generation of new Technology and adoption of successful Technology to meet the distinct and specific requirements of Industry. In this context, the DSIR has plans to organize a series of conferences in various regions of the country. The event for Punjab State “**Workshop on Promoting Technology Development, Utilization & Transfer**” is being hosted by **The Sports Goods Manufacturers & Exporters Association, Jalandhar (SGMEA)**.

It is hoped that this event will open up new avenues to the Researchers, Academicians, Industrial Research Groups, Govt. Officials, Entrepreneurs and Consultants in this part of the country.

Organizers of Workshop

The Workshop on Promoting Technology Development, Utilization & Transfer is being jointly organised by DSIR, Ministry of Science & Technology, Govt. of India & The Sports Goods Manufacturers & Exporters Association (SGMEA), Jalandhar.

Key Participants:

✓ **M/S JUKI MACHINERY (INDIA) PVT. LTD.**

(A wholly owned subsidiary of Juki Singapore PTE Ltd.)

A Leading Manufacturer & Suppliers of Stitching Machines to Garments, Leather & Sports Industries.

✓ **SPINKS INDIA**

(Specialists for Pad Printing, Laser Marking Machines, Screen Printing & Inks for PVC, PU Leather etc.)

✓ **COATS INDIA**

(A Leading Thread Supplier to Garments, Leather & Sports Industries).

DSIR, Ministry of Science & Technology, Govt. of India

The Department of Scientific & Industrial Research under the Ministry of Science & Technology is the Nodal Government Department for matters pertaining to **Industrial Research & Development** and implementation of fiscal incentives for Scientific Research announced by the Govt. of India from time to time. DSIR is actively engaged in promoting Technology Development activities in the country through its various Departmental Programmes since its inception. It also has a mandate to carry out the activities relating to indigenous Technology Promotion, Development, Utilization and Transfer. The Departmental Programmes are focused to promote R & D by Industry, support a larger cross-section of Small & Medium Industrial units to develop state of the art globally competitive Technologies of high commercial potential catalyze faster commercialization of lab scale R & D, enhance the share of Technology, intensive exports in overall exports, strengthen the industrial consultancy and Technology Management capability.

It also thrives to establish user friendly information networks to facilitate scientific & Industrial Research in the country. DSIR also provides a link between Scientific Laboratories and Industrial establishments for transfer of technology & facilitates the investment in R & D. The objective detailed above are sought to be achieved through:

- ✓ **Technology Promotion, Development and Utilization (TPDU)**
- ✓ **Council of Scientific and Industrial Research (CSIR)**
- ✓ **National Research and Development Corporation (NRDC)**
- ✓ **Central Electronics Limited (CEL)**
- ✓ **Consultancy Development Centre (CDC)**

A Brief about SGMEA, Jalandhar

The Sports Goods Manufacturers & Exporters Association (SGMEA) is a duly registered body established in 1978 as a Non- Profit Organization to represent the Leading Manufacturers & Exporters of Sports Goods.

SGMEA has been identified as a Nodal Cluster Level Institution for development of Jalandhar Sports Cluster, keeping in view the capacity of its members to excel. It is a platform wherein common challenges faced by the industry are addressed collectively.

The association is developing strong linkages among the members to provide them support in the areas for Joint Marketing, Technology Sourcing etc. Various programmes for Export Promotion, Technology Up- gradation & Diversification from traditional items are also being taken jointly.

The Association was established with an objective to encourage coordination amongst the persons involved in Manufacture/Export of Sports Goods to all over the world and to provide them proper guidance and facilities for improvement.

ACHIEVEMENTS:

- ✓ SGMEA with its competent team did a magnificent job by organizing Ist of its kind an International Sports Goods Raw Material Buyer Seller Meet in Jalandhar in the year 2004. It was a collective effort to provide a platform where the skills of the Industry could be matched with new Technologies and Latest Material available in the International Market.

This event was conceptualized to bridge the gap between the Manufacturers & Suppliers. It was a great achievement and is now going to be a regular feature for Sports Goods Cluster at Jalandhar.

- ✓ SGMEA has also joined hands with Central Leather Research Institute, Jalandhar to develop Human Resource for the sports Industry by imparting training to the unskilled candidates for Soft Protective Gears so as to benefit the Industry by providing them regular trained labour and also to create job opportunities for the unemployed and economically poor people especially in rural areas.
- ✓ SGMEA along with National Institute of Technology, Jalandhar has organized Skill Development Training through Science & Technology on Polymer based Sports Goods. This programme was designed with an objective to upgrade the skill of Technical persons involved in polymer based Sports Goods.
- ✓ SGMEA also organized seminars on CE Labelling for Personal Protective Equipments for which 2 experts Mr. Allan Ross (England) and Mr. Manfred Hofmeister (Germany) were invited for generating awareness among the members for CE Labelling and FIFA match ball standards.
